

D&T AND ART CHALLENGE NUMBER 10

Japanese Notan

Your Task is to create a Japanese Notan design. It is very simple and a great technique/effect for a bold interesting piece of art work. You can do almost any design.

Here are some examples: - (Take a look on the internet to see more)

Use this YouTube video to give you some helpful ideas on how to start your design.

You will need:

Scissors, a glue stick, a pencil, and black paper. If you do not have black paper you could draw a box and colour it in with a black marker pen, or use a different colour paper so that it contrasts with the white when you reverse parts.
